Boundary Oak Prep School is currently going through an exciting time in its history and part of this is the launch of an exciting and ambitious building project that will see the school develop in three major areas. They include turning our outdoor swimming pool into an indoor pool, the construction of a new Domestic Science Centre and seeing the redevelopment of our Science Department and some of the class rooms. As part of the fund raising programme a team of cyclists plan to cycle from the school to the Col du Tourmalet in the Pyrenees this July. The team consists of both staff and parents with a support team driving aside them to offer assistance when required over the **650 mile** route.

We would be most grateful if you could sponsor the team. Children collecting sponsorship money will be entered into a prize draw that will be drawn during Speech Day before the cyclists head off to Portsmouth on 10th July.

We thank you for your kind and generous donation.
